Inflatable Marker Buoys

Covertex has been designing race course markers for water-based events for over 25 years, including prominent international events such as the Louis Vuitton & America's Cup Regattas.

For high impact brand promotion and sponsorship, signage and digitally printed graphics can be applied.

Design features

- Highly robust for repetitive use in a range of sea states
- Available in a range of colours and varying sizes
- Supplied with inflation/deflation valve, grab handles and high strength anchor points or webbing bridles

Through life support:

Fabrics have been selected to ensure repetitive use through the life of the product. This combined with Covertex's through life support service ensures product readiness and life optimisation.
